PROFILE

Dedicated Software Engineer with over 2 years of experience in scalable web, mobile, and backend development. Expert in Java, JavaScript, and Python, crafting full-stack platforms with optimized APIs, database integration, and robust security. Skilled in cybersecurity, ensuring resilient systems through advanced encryption and performance tuning.

PROFESSIONAL EXPERIENCE

Frontend and Mobile Developer, *YBS Software Development*   01/2025 – Present / Addis Ababa, Ethiopia
- Built and maintained web and mobile applications using React and flutter

CyberSecurity Engineer, *Information Network Security Agency*   03/2025 – 06/2025 / Addis Ababa, Ethiopia
- Developing an AI-powered cybersecurity tool to detect and mitigate threats in real time using traffic analysis, log monitoring, and file inspection.
- Integrating machine learning models with web applications for automated threat detection, scoring, and response using Python.

Software Engineer, *Addis Ababa Institute of Technology*   12/2024 – 05/2025 / Addis Ababa, Ethiopia
- Designed and built full-stack web applications utilizing the MERN stack (MongoDB, Express.js, React, Node.js).
- Managed comprehensive documentation and fulfilled additional project requirements to support efficient development and delivery of robust, scalable solutions.

Software Engineer, *Ethio Advise Group*   02/2025 – Present / Addis Ababa, Ethiopia
- Developed and maintained full-stack web applications using PHP frameworks and JavaScript.
- Implemented DevOps practices to streamline development, deployment, and operational processes, ensuring efficient and scalable solutions.

UI/UX Designer, *ITSC*   08/2024 – 11/2024 / Addis Ababa, Ethiopia
- Designed user-friendly, visually appealing interfaces for web and mobile applications using Figma focused on creating seamless and intuitive user experiences
- Collaborated with developers and stakeholders to deliver functional, high-quality designs

Developer, *Freelance*   07/2023 – 2025 / Addis Ababa, Ethiopia
- Developed full-stack websites for private clients, covering frontend and backend
- Managed testing and the entire development process from start to finish

EDUCATION

Software Engineering, *Addis Ababa Univeristy*   04/2022 – 06/2026 / Addis Ababa, Ethiopia

SKILLS

- Python
- Back-end Development
- Full-stack Development
- Cyber-Security
- UI/UX Designing
- DevOps
- Java
- Front-end Development
- Mobile App Development
- Machine Learning
- Cloud Security
- Azure

CERTIFICATES

- Cisco: Networking Essentials
- IBM: Cybersecurity Fundamentals
- Cisco: Introduction to Packet Tracer
- VMware IT Academy: Data Center Virtualization: Core Technical Skills
